Memo Operating Guidance

No. 06-02

Revised March 20, 2007

CONTRACT AND GRANT OFFICERS

Subject: Lawrence Berkeley National Laboratory Pre-Competitive Molecular Foundry User Agreement

This Operating Guidance Memo provides a copy of the subject Lawrence Berkeley National Laboratory (LBNL) User Agreement. This Agreement covers all University campuses. No separate Agreement is needed for individual campus users. If your researcher is performing in collaboration with another institution, a separate User Agreement will be required for the collaborating institution. LBNL also requires a separate letter providing a list of all the experimenters who will be performing on behalf of your campus under each User Agreement proposal, Appendix A., for each separate experiment.

This Pre-Competitive Molecular Foundry User Agreement has been pre-approved by the Department of Energy so that changes to the document cannot be negotiated. Should modifications be necessary, a different type of agreement would have to be negotiated.
